

Important note:

All gas springs will be delivered with an standard pressure of ± 30 Bar.
It always needs to be set to the correct pressure after installation of the door /hatch.
This work should be done by qualified staff only.

- For mounting in a hatch, Piston Rod should point downwards.
- Different combinations of connecting parts are possible, e.g. 2x ball joint or 2x fork.
- Partnumber Gasspring:
19_GS- (Piston Rod Diameter) - (Tube Diameter) _Stroke
